NexaNova Technologies

Employee and Customer Operations Policies | Fictional Demo | Version 1.0

1. Leave Policy

Full-time employees receive 18 days of paid leave per calendar year, prorated for partial years of service. Leave requests should be submitted through the internal leave portal and approved by the employee's manager before the leave begins, except in emergencies.

2. Remote Work

Teams may work remotely up to three days per week when role requirements allow. Employees must protect confidential information, use approved devices, and remain available during their agreed working hours. Managers may schedule in-person collaboration when necessary.

3. Information Security

Employees must use multi-factor authentication where available, never share passwords, and store company data only in approved systems. Suspected phishing, data loss, or unauthorized access must be reported to security@nexanova.example promptly.

4. Customer Support Service Levels

• Critical outage: initial response target within 1 business hour for eligible plans.

• High-priority issue: initial response target within 4 business hours.

• Normal request: initial response target within 1 business day.

• Response targets are goals, not guaranteed resolution times, and apply during standard support hours unless a contract says otherwise.

5. Refund and Cancellation Policy

Customers may request cancellation through their account administrator. Subscription fees already paid are generally non-refundable, except where required by applicable law or stated in a signed order form. Approved refunds are normally processed within 7–10 business days.

6. Data Retention

Demo customer data should be retained only as long as needed for the stated demonstration. Production retention periods must be defined in the applicable contract and privacy documentation. Do not upload real personal, financial, or confidential data into demo environments.

7. Policy Ownership

The fictional People Operations team owns employee policies. The fictional Customer Operations team owns customer support and refund procedures. This demo policy is illustrative and is not legal, HR, or compliance advice.

DEMO DATA — NexaNova is fictional. This document is for software demonstrations and testing only.
